Subject: Public Records Request - Special Events Subcommittee to Parks Commission

Dear Records Request Officer

I am looking for documents and records that can inform the public about the Park's Commission *Special Events subcommittee* that would be useful in determining if it should be subject to Brown Act disclosure.

Accordingly I ask for Records that will establish or shed light on the following:

1. The date this subcommittee was formed
2. The charter of the subcommittee and any modifications to the charter that have taken place since its inception
3. The schedule of all past and future scheduled meetings and all expenses charged to facilitate this subcommittee
4. The past and future deliverables assigned to this subcommittee
5. Agenda's and Minutes from this Subcommittee
6. All policies and procedures produced by this subcommittee, including those in draft form or pending approval by the Park's Commission, the City Council or the City Manager.
7. Documents which establish the scope of issues this subcommittee considered in developing its recommended policies or procedures: e.g:
 - parking impacts
 - quality of life impacts (noise, pollution)
 - traffic impacts
 - infrastructure needs
8. Documents that inform the public about the considerations that shaped Special Event Approval process at a strategic level; e.g.:
 - Documents used to determine how the city should determine if for instance we need TWO fiesta events both on Labor and Memorial Day weekends OR if the community needs both a Manhattan and Hermosa Beach AVP; and how the city determines these evaluations are done in a systematic, fair and transparent manner.
9. Policies and procedures that define exactly how the impacts to vulnerable neighborhoods in terms of noise, traffic, parking, road closures, near roadway pollution and so on are quantified, evaluated and inform the approval process for each event.

10. Policy & Procedures that guide the Special Events TEAM in determining the costs, benefits and impacts of any events they might approve and how this team interacts with the subcommittee and the Park's Commission.

Thank You

Anthony Higgins
